- Actively taking part in CTF's([PrivateUser](#) - current team standing 15 all over India).

Cybersecurity Intern
TechnoHacks EduTech Official

Sep 2023 - Nov 2023

- Executed various activities including network scanning, sniffing using wireshark, and information gathering using maltego, etc.

Capture The Flag

Jan 2023 - Present

- Effectively solved rooms and machines on various platforms like TryHackMe, HackTheBox, etc.
- In the top 1% on TryHackme among 2M+ users globally.
- Ranked 24th out of 1000+ team in VishwaCTF 2024.

Associate

Nov 2023 - Present

Next Tech Lab

SRMIST

- Working with a team of cyber security enthusiasts on various internal projects.

PROJECTS

ToDo Discord Bot A fun tool built by me to replicate ToDo app's functionalities on discord. Enabled friends to have fun while tracking their daily tasks and goals. The healthy competitiveness introduced through this tool increased everyone's productivity. ([Check it out here](#))

Sentiment Analysis ML Model. My first experience with machine learning in which I created a model which performed sentiment analysis of restaurant reviews. It was assigned to me as a task for AICTE AI Internship. ([Check it out here](#))

EXTRA-CURRICULAR ACTIVITIES

- I write [writeups on Medium](#) of challenges and rooms solved by me.
- In the top 30 teams of IITB TrustLab's CTF out of 800+ participants.
- Leading the official Chennai Meetup of HackTheBox with 950+ members and organising CTF events, Workshops, Hands-on sessions, etc regularly.
